

It is not what you know but who you know. An old saying, but very true. Connections are everything. And with high-speed internet access over ADSL, you're certain to achieve success.

Next time your boss needs some urgent information, instead of waiting in frustration for emails or documents to download, you'll have what you need at your fingertips - and they'll wonder how come you managed it so quickly.

At up to 16 times faster than ISDN and up to 36 times faster than a modem dial-up, ADSL from Spitfire is the only connection you need. So tell your boss about ADSL today, not only will you be saving time - they can save as much as £5,000 a year by using ADSL instead of their existing ISDN connection. So with any luck, you'll get a raise too.

But even if your boss fails you - we won't. We'll give you a year's free subscription to Hello magazine* when your company signs up for ADSL from Spitfire - so you'll always be in the know!

For more information on ADSL visit www.spitfire.co.uk/hello. Alternatively email us - adsl@spitfire.co.uk or call us on 0800 xx xx xx.

High speed access powered by BT.
