

A **WORLD** MORE  
THAN YOU THOUGHT

FROM **MIDLAND**

You may know Midland for one or more of our services – but some of the following will probably be new to you. The worlds of voice, data and other complementary technologies are converging at an alarming rate, so if you're thinking of enhancing your business in any of these areas, it makes sense to work with someone you know and trust.

**Telecommunications** – a 30 year heritage of providing world-leading business communications solutions, including voice processing and computer telephony integration from key partners such as Panasonic and Avaya, to thousands of organisations across the UK.

**IP Telephony** – we work at the forefront of new IP technologies, again with major industry players such as Avaya and Mitel, to provide the latest in IP telephony solutions.

**Data** – the convergence of voice, video and data is bringing significant savings to many of our customers. From Cat 5 and Cat 6 through fibre, to structured cabling systems - and terminating in the convergence of contact management systems, Sage accounting and email servers, with voice-to-text recognition solutions.

**PA Systems** - our experience and expertise in the field of PA enables us to provide solutions for a wide variety of applications such as office complexes, factories, warehouses, retail outlets, schools and military establishments.

**Video Conferencing** – Midland are leaders in the design, supply, implementation and project management of Video Conferencing around the UK and throughout the world. We have customers in all business sectors and in charitable organisations – as well as providing telemedicine applications for many NHS trusts.

**Networks** – working with BT and using our own Midland Network we are able to provide consultancy on the most cost efficient network solutions and so save our customers considerable amounts on telephone bills and other call charges.

Call us today on [01684 594000](tel:01684594000), email [enq@midlandcomms.co.uk](mailto:enq@midlandcomms.co.uk) or complete and return the reply paid card.

**Midland**  
Communications

Please tick the boxes next to the Midland services in which you are interested and we will contact you when we receive this card to discuss your requirements in more detail.

Alternatively call us today on **01684 594000** or email **[enq@midlandcomms.co.uk](mailto:enq@midlandcomms.co.uk)**.
